

Make or update your Will for
free this March with Mind

Make or update your will for free this March with Mind's Free Wills Month

We're determined to be there for everyone experiencing a mental health problem, and we depend on gifts in wills to do so. So this March we're working with local solicitors to allow those aged 55 or over to make or update their will free of charge.

How do I take part?

Simply contact one of the participating solicitors using the details on the back of this leaflet to book your appointment, mentioning 'Mind Free Wills Month'. Appointments are limited, so book early to avoid missing out.

There's no obligation to make a gift to Mind in your will, but by choosing to support our work nationally or locally, you can help create a better future for all of us experiencing a mental health problem.

If making or updating your will with a partner, only one person must be 55 or over. Simple Wills only. If your Will proves more complex, you may be charged. Appointments are limited and available on a first-come first-served basis.

1/4

A quarter of people in the UK will experience a mental health problem each year

We're Mind, the mental health charity. We provide advice and support to empower anyone experiencing a mental health problem. We campaign to improve services, raise awareness and promote understanding. We won't give up until everyone experiencing a mental health problem gets support and respect.

We're a local, adult mental health charity, supporting people in the Stockport area. We offer friendly, accessible support and information to people in mental distress and work with others to promote wellbeing in your local community.

Thank you

By including us in your Will you're helping all of us with a mental health problem to get the support and respect we deserve
